Lean (LCS 1b) Practitioner

The aim of this 4 day programme is to equip those involved in improvement activities with the knowledge and skills to participate fully and effectively.

This small group workshop is delivered in 2 sessions to enable you to apply some of the tools and techniques you will learn about between the sessions. The workshop comprises presentations, practical examples and interactive exercises. You will also take part in a fun interactive simulation and a work based improvement project.

Workshop Outline

Session 1 :

- The Principles of Lean Thinking, understanding customer value, visual management, 5S.
- Change management, explanation of the Lean Business System, Strategy Deployment and Value Stream Mapping theory and practise including a review and understanding of Big Picture Mapping and Four Fields mapping.

Session 2 :

Problem Solving and selecting the right tools and techniques. Overview of a range of tools and techniques.

This is the second in a series of accredited training programmes aligned with Cardiff University's Lean Competency System.

If you successfully complete the programme you will receive a certificate awarded by the University .

The programme has also been awarded 28 hours CPD credits.

As well as conventional classroom teaching you will be mentored through a work based project sponsored by your employer.

We have a wide range of learning materials, case studies and examples from over 20 years of Lean implementation in a wide range of organisations big and small.

The Programme Leader will incorporate materials which are relevant to the delegates attending.

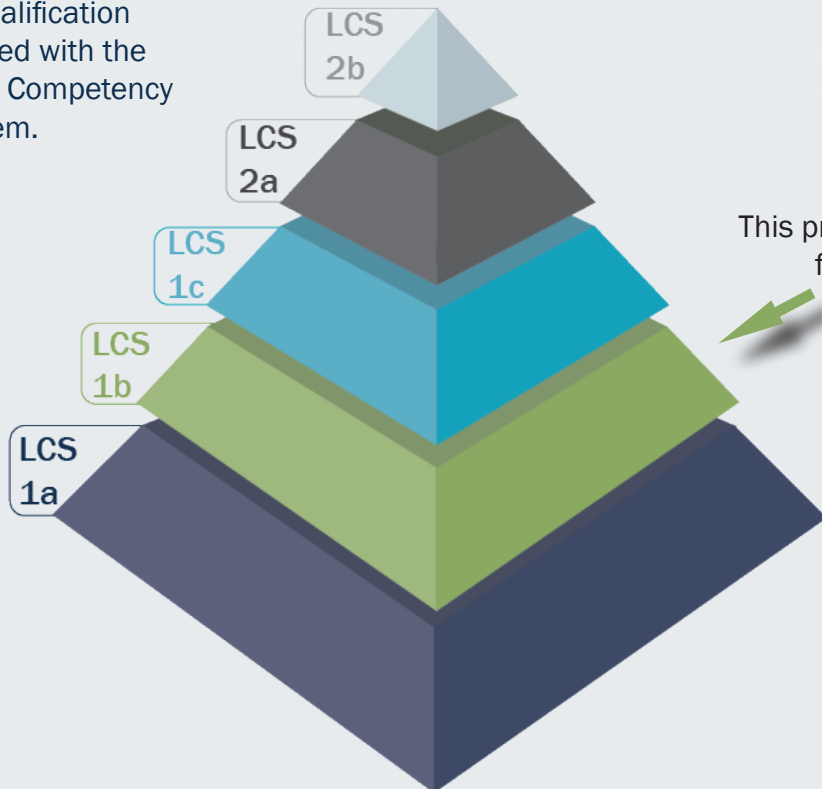

We will provide you with a fun hands on learning experience The objective is learning and building confidence. You will leave the workshop equipped to make improvements that are immediate and sustainable.

Assessment and Certification

The Lean Competency System

We offer 5 levels of qualification aligned with the Lean Competency System.

- (LCS 2b) Master Lean Coach
- (LCS 2a) Lean Coach (Black Belt)
- (LCS 1c) Lean Team Leader
- (LCS 1b) Lean Practitioner (Green Belt)
- (LCS 1a) Lean Awareness

“
This is what
previous
delegates
have said about
this workshop”

“A well paced and engaging delivery style”

“The wealth of experience and insight that the Presenter brought to the training assisted greatly with understanding the practical application of the theory”

“Good development of knowledge through the workshop”

“The training was very well received by the staff who attended. It provided us with a firm foundation of Lean principles, tools and techniques – and more significantly, it solidified our commitment to taking a more structured, visual and proactive approach to continuous improvement in our business”.

Elizabeth Sackson
Continuous Improvement Manager
Airbus Group Australia Pacific

Whats included?

You will receive a comprehensive printed handbook in full colour to take away containing presentation materials and supporting documents.

Lunches and refreshments are provided throughout the event.
