COURSE CONTENT

In this half day workshop we will introduce the origin and core philosophy behind the Shingo Model. We will review the process of challenging for a Shingo Prize and review what Shingo examiners look for.

We will hear from companies who have been successful in achieving Shingo recognition, but more importantly have achieved significantly improved business performance and improved their sites standing with their corporate stakeholders.

WHY ATTEND?

- It will help you:
- Understand the benefits to your organisation of Shingo, and how it can support and drive organisational transformation.
- Understand how Shingo provides a more sustainable model than traditional TPS & WCM as it focuses on Behaviours.

ABOUT THE HOST SITE

- Understand why successful companies are using Shingo.
- What it can do for your organisation and how it can support growth.
- Understanding of the Shingo Model and Behaviours.
